Changing for children and young people

Contents

Welcome to SCRA's Online Statistical Service.

This document breaks down some of the information held within SCRA's Annual Report to local authority level, and will be published on an annual basis.

This report covers the period 1 April 2012 to 31 March 2013. It provides our data set in various tables, to support the full statistical analysis on children and young people referred to the Reporter in the year 2012/13.

As stated in the Annual Report, SCRA transitioned to its new Case Management System during 2012/13. One of the impacts of this has been a legacy with the recording of some historical data. For the purposes of this report, only data that has been wholly mapped across to the new system is included. This will mean that 2012/13 figures slightly undercount the actual volumes of casework undertaken by SCRA during the year but do not impact national trends. This small undercount should not affect decision making at a National level

The data has been produced using sound, proven and robust methodology and represent the data available to us at run date 18/10/13

Important notes regarding SCRA data

Children and young people	Children and young people can be referred to the Children's Reporter from birth to 15 years. They can also be referred aged 16 and 17 years if they are subject to Supervision Requirements or are remitted by a court. In this report, where table headers read children this includes young people aged 16-17.
Counting children and young people	A child or young person may be referred to the reporter during the year more than once in each category. For example, a child may be referred from the same and/or different agencies on the same and/or different grounds. For this reason, the sum of the children in the tables will be larger than the total shown.
Counting referrals	Children may have multiple referrals to the Reporter throughout the year. Similar to counting children, a referral may have multiple grounds and hence multiple outcomes. For this reason, the sum of the referrals in the tables will be larger than the total shown.
Counts of less than 5	Any counts in this report between 1 and 4 are replaced by "<5". This is to ensure the anonymity of the data.
Grounds for referral	The reasons (grounds) under which children are referred to the Reporter are those set out in section 52(2) of the Children (Scotland) Act 1995, and are summarised in Summary table 1b and given in full in Annex 1. Summary table 1b shows the numbers of children referred to the Children's Reporter, and the associated number of referrals in the year for each ground of referral.
2011 Act children/ Referrals without grounds	Some children and young people have had referrals processed through the Children's Hearings (Scotland) Act 2011, and some other referrals have no grounds yet added. These are therefore recorded as other/none/NA.
Agencies reasons for referring children	Children are referred to the Reporter under section 53 of the Children (Scotland) Act 1995 if it is believed that compulsory measures of supervision may be necessary to protect the child and/or address their behaviour. Anyone can refer a child to the Reporter, however, referrals come from five main sources – the police, social work, education, health and parents/ relevant persons. Summary table 1a shows the numbers of children referred in the year from each source of referral, and the associated number of referrals for all grounds of referral.
Gender	The gender of a small number of children have not been recorded. For this reason, the total of the male and females referred may be less than the totals shown. The total includes those children whose gender was not recorded.
Age	The age shown in the report is the age of the children at the point of their referral being received by the Reporter.
Referral Types (offence/ non-offence)	The reporter groups the grounds of referral into two broad categories. These are offence and non-offence referrals. Offence referrals constitute those referrals that contain (i) grounds under section 52 of the 1995 act. Non-offence referrals constitute referrals that have grounds other than (i) grounds. These are also referred to as Care and Protection referrals by some agencies.
Joint Reports to Procurator Fiscal and the Reporter	Where a child is alleged to have committed an offence described in the Lord Advocate's Guidelines (To Chief Constables: Reporting to Procurator Fiscals of Offences Alleged to have been Committed by Children), the police will make a joint report to the Procurator Fiscal and the Reporter. Following discussion with the Reporter, the Procurator Fiscal will decide whether to prosecute or refer to the Reporter. Table 11 shows the number of joint referrals and the number of children with joint referrals in the year in each local authority area.
Decisions made by the Reporter	Reporters investigate as necessary each referral received and then make decisions about whether to arrange Children's Hearings based on assessment of the need for compulsory intervention (section 56 of the Children (Scotland) Act 1995). Reporters can also make other decisions, such as to ask the local authority to provide voluntary advice, guidance and assistance to the child, to take no action because there is insufficient evidence, or to take no formal action because other intervention is more appropriate. Table 12a shows the number of children with a Reporter decision in the year in each local authority area.

Important notes regarding SCRA data

Children's Hearings	<p>Children are referred to Children's Hearings when the Children's Reporter decides that compulsory measures of intervention may be required to protect the child and/or address their behaviour (section 65 of the Children (Scotland) Act 1995). Children's Hearings are held to decide what measures are needed for children referred and to review the cases of children who are already subject to compulsory measures. Table 13 shows the number of Children's Hearings held in the year in each local authority area.</p>
Hearing Decisions	<p>Table 14 shows the decisions made by Children's Hearings on children in relation to cases decided at Hearings in the year (for all grounds of referral) in each local authority area. The reasons (grounds) under which children are referred to the Reporter are those set out in section 52(2) of the Children (Scotland) Act 1995, and are summarised in Summary table 1b and given in full in Annex 1.</p>
Supervision Requirements	<p>Supervision Requirements are the most common form of compulsory intervention made by Children's Hearings (section 70 of the Children (Scotland) Act 1995). It is the statutory responsibility of local authorities to implement Supervision Requirements (section 71 of the Children (Scotland) Act 1995). Supervision Requirements must be reviewed at least annually by Children's Hearings. Table 15 shows the number of Supervision Requirements made and terminated in the year and the number in place at 31st March in each local authority area.</p>
Child Protection Orders (CPOs)	<p>Children's Hearings can make short term interventions to address emergency and/or high risk situations where measures must be put in place immediately to protect children. Children's Hearings consider Child Protection Orders that have already been granted by the Sheriff, to decide if they should be continued or varied. A Hearing may also decide not to continue a Child Protection Order. If continued by a Children's Hearing (or Sheriff), a Child Protection Order lasts for eight days. A Child Protection Order authorises emergency measures to protect a child, for example the immediate removal of the child from home to a place of safety. Table 16 shows the number of children with Child Protection Orders received in the year in each local authority area.</p>
Place of Safety Warrants	<p>Children's Hearings can make short term interventions to address emergency and/or high risk situations where measures must be put in place immediately to protect children or address their behaviour. Place of Safety Warrants require that the child is removed from home to a place of safety, and must be reviewed by Hearings every 22 days. Table 17 shows the number of Place of Safety Warrants made and the number of children with Place of Safety Warrants made in the year in each local authority area. Place of Safety Warrants made under sections 66(1) and 69(7) of the Children (Scotland) Act 1995.</p>
Proof Applications	<p>If the child and/or their relevant persons do not accept some or all of the grounds for referral which form the basis of the Children's Hearing, or the child does not understand the grounds, the Children's Hearing may direct the Reporter to apply to the Sheriff to establish the grounds for referral (section 68 of the Children (Scotland) Act 1995). Table 18a shows the number of proof applications concluded in the year in each local authority area.</p>
Appeals	<p>Children and/or their relevant persons can appeal to the Sheriff against decisions made by Children's Hearings. Table 18b shows the number of appeals concluded in the year in each local authority area.</p>
