

## Template for Reviews for Young People in Custody under the Whole System Approach

Under the Whole System Approach, all young people aged under 18 and older young people where local authorities have agreed this with SPS as part of the Whole System Approach extension should have reviews throughout their time in custody. It is recommended that the following template is used when chairing and recording initial custody reviews and any subsequent reviews, reference should be made to [Information Sheet 44](#) produced by the Centre for Youth & Criminal Justice (CYCJ) for further information. The usual template will continue to be used for cases where the Integrated Case Management (ICM) process is triggered.

It is the Lead Professional/Community-based Social Worker's responsibility to arrange reviews and take a minute of these. The format and method used to record will be decided by each local authority but should always be in a format which can be shared with the young person and relevant others, particularly the Personal Officer and Named Person (where applicable). This template is for reviews only, it does not replace the Young Person's Assessment and Child's Plans, should be updated after each review and shared with the young person and relevant others.

Young Offenders Institutions have given a commitment to Personal Officers attending all Initial Custody Reviews and Pre-release Meetings. For other reviews, a decision regarding Personal Officers attendance will be made on a case by case basis. Regular communication should be maintained between the Lead Professional/Community-Based Social Worker and Personal Officer via telephone and/or e-mail.

Where there is a CJSWRs and child's plan available, this should be shared in advance of the meeting via the SPS secure email: [childsplan@sps.pnn.gov.uk](mailto:childsplan@sps.pnn.gov.uk). Any other relevant information should be shared with reference to the principle of proportionality, information sharing protocols, and statutory guidance. These reports should also be brought to the initial custody review.
