Reimagining Secure Care Project Group Forming Session Review
10th October 2023

Miro is an online collaborative whiteboarding platform that enables individuals and groups to work effectively together. We will be using digital sticky notes and dot voting exercises as a way of gathering ideas and generating discussions in breakout rooms and the wider group. This short video provides a demonstration of how we will use miro during the online sessions Miro Board 101, Visual Workspace for Innovation. For further information or demonstrations regarding the miro board please contact us at cycj@strath.ac.uk. We also encourage feedback via this anonymous online survey https://hass.eu.qualtrics.com/jfe/form/SV_0wFTIWCo0NVMHrM.

Transparency Miro boards can be accessed here - Reimagining Secure Group Forming Session, Visual Workspace for Innovation (miro.com). Following each session, boards remain open and accessible until the end of the week for any additions/reflections, thereafter they will be locked. This means that participants can still have access to the board, however, any additions or other feedback can be emailed to maureen.roberts@strath.ac.uk. This also allows those who are unable to attend sessions access to review/add and similarly be shared with others within your organisation, should they wish to contribute or reflect on the content. We will also aim to provide a short synopsis of each session, for participants to review and share.

Group vision and purpose Commitment to the process of working together to reimagine secure care to meet the needs and uphold the rights of children.

What will help us to function well in our work together?
- Transparency
- Respect for opinions and understanding roles of others
- Time to reflect and prepare (before and in between sessions)
- Safe environment
- Shared language and vision
- Active collaboration
- Effective facilitation and clear instructions
- Small breakout rooms for effective contribution
- Evidence based recommendations
- Collective influence of the group that will lead to change - reassurance from Scottish Government

Session content included:
- **Why we are here and the story so far**
- **Design process and ask**
- **Modelling new ways of working together**
- **What are our shared values as a group?**
- **What strengths and assets do we hold within the group?**
- **What will help us to function well in our work together?**

Next session 25/10/23 Model of Care Design Mini Brief
