

## Template for Reviews for Young People in Custody

It is recommended that the following template be used when chairing and recording initial custody reviews and any subsequent reviews. For further information, refer to Information Sheet 44 produced by the Children and Young People's Centre for Justice (CYCJ). The usual template will continue to be used for cases where the Integrated Case Management (ICM) process is triggered.

The Lead Professional is responsible for arranging reviews and taking a minute of these. Each local authority will decide the format and method chosen for recording. Still, it should always be in a format which can be shared with the young person and relevant others, particularly the Personal Officer and Named Person. This template is for reviews only, it does not replace the Young Person's Assessment, which should be updated after each review and shared with the young person and relevant others.

Young Offenders Institutions have given a commitment to Personal Officers attending all Initial Custody Reviews and Pre-release Meetings. For other reviews, a decision regarding Personal Officers attendance will be made on a case-by-case basis. Regular communication should be maintained between the lead professional and personal officer via telephone and/or e-mail.

Where there is an assessment this should be shared in advance of the meeting via the SPS secure email [PolmontCasework@prisons.gov.uk](mailto:PolmontCasework@prisons.gov.uk).
